PROJECT DETAILS

PROJECT SUMMARY

Education is a fundamental right of every child and access to quality education is vital for their overall development. However, many rural areas lack adequate school infrastructure, which hinders the learning experience and opportunities for students. This project proposal aims to address the issue of improving school infrastructure in rural areas, with a focus on enhancing the educational environment and promoting inclusive and equitable education.

TARGET AREA

Shree Shiksha Sadan
87/A, BF Siding Railway Colony,
Shalimar,
Howrah, West Bengal - 711103

Project Activities

The project will involve the following activities:

- Conduct a comprehensive assessment of the school infrastructure, considering factors such as classroom conditions, sanitation facilities, electricity, furniture, and safety measures.
- Develop a prioritized plan for infrastructure improvements based on the assessment, considering the school's

specific needs and available budget.

- Renovate existing classrooms and construct additional classrooms as needed to reduce overcrowding and provide a suitable learning environment.
- Improve sanitation facilities by constructing functional toilets, hand washing stations, and proper waste management systems.
- Ensure availability of clean drinking water by installing water purification systems.
- Upgrade electrical infrastructure to provide a consistent and safe power supply for classrooms and administrative areas.
- Make schools accessible to students with disabilities by implementing ramps, accessible toilets, and installing assistive devices and resources.
- Provide necessary furniture, including desks, chairs, whiteboards, and storage cabinets, to create a comfortable and organized learning environment.
- Conduct capacity building workshops for teachers and staff on the upkeep and maintenance of the improved infrastructure.
- Facilitate community participation through the formation of School Management Committees and Parent-Teacher

	<p>Associations, and ensure their active involvement in the sustainability of infrastructure improvements.</p>
<p>Object</p>	<p>The primary objectives of this project are as follows:</p> <ul style="list-style-type: none"> • Improve the physical infrastructure of school to create a conducive learning environment. • Enhance access to quality education for students in rural areas. • Promote inclusivity by ensuring that school infrastructure caters to the needs of students. • Foster community engagement and collaboration to sustain the improvements beyond the project duration.
<p>NEED</p>	<p>A school development project addresses the need for improving various aspects of a school, including infrastructure, curriculum, teaching practices, and student well-being. It aims to enhance the overall learning environment and student outcomes.</p>

Outcomes

Expected Outcomes:

Improved learning environment:

Enhanced school infrastructure will create a positive and conducive environment for students, leading to improved learning outcomes.

Increased access to education:

By expanding and improving school infrastructure, more students will have access to quality education, reducing dropout rates.

Inclusive education:

Students with disabilities will have equal opportunities for education through accessible infrastructure and resources.

METHODOLOGY

The school development project is a strategic, long-term plan designed to increase the effectiveness of the school and improve learning outcomes. It involves a systematic approach to identifying areas of improvement, setting goals, allocating resources, and implementing strategies to achieve the desired results. The school development project is an ongoing process of continuous improvement, guided by the school's mission, vision, and objectives.
